

Innovation is at the core of everything we do at Fleetguard Filters. This recognition reflects our continued focus on driving excellence across manufacturing, customer service, product quality and business operations. Our ongoing investments in latest technologies and IT capabilities are enabling smarter decision-making, enhancing operational agility and accelerating innovation across the organization

Fleetguard Filters Earns Recognition for Innovation Excellence

Fleetguard Filters Pvt. Ltd. (FFPL), a leading manufacturer of filtration solutions, has been recognized as one of the **"Most Innovative Organisations 2026" by ET Edge**, the thought leadership platform of The Times Group. The recognition celebrates organizations that are driving innovation, transformation and measurable impact across their businesses.

The recognition acknowledges Fleetguard Filters' commitment to innovation across its operations, including advanced manufacturing practices, customer-centric solutions, efficient supply chain management, and a strong dealer network that enables seamless product availability and enhanced customer service across the country.

Over the years, Fleetguard Filters has consistently focused on enhancing operational excellence and customer experience through technology

adoption, process innovation and continuous improvement. The company's extensive distribution and dealer network has played a critical role in strengthening market reach, ensuring customer proximity and delivering reliable support across diverse industries and applications.

Speaking on the recognition, **Mr. Sanjay Kulkarni, President, Fleetguard Filters Pvt. Ltd.**, said, "Innovation is at the core of everything we do at Fleetguard Filters. This recognition reflects our continued focus on driving excellence across manufacturing, customer service, product quality and business operations. Our ongoing investments in latest technologies and IT capabilities are enabling smarter decision-making, enhancing operational agility and accelerating innovation across the organization. By continuously enhancing our processes,

strengthening customer engagement and fostering a culture of innovation, we strive to create lasting value for our customers and stakeholders. We thank the entire Fleetguard team whose dedication, expertise and commitment to excellence have played a pivotal role in achieving this recognition."

The ET Edge Most Innovative Organisations platform recognizes enterprises that have successfully embedded innovation into their business strategy, operations and customer engagement practices while delivering measurable outcomes and scalable transformation.

This recognition further reinforces Fleetguard Filters' commitment to fostering a culture of innovation and delivering best-in-class filtration solutions that support customer success and sustainable business growth.
